## ANTHONY

Anthony, Sept. 13.—Mr. James Leitner, one of the oldest citizens of this place who has been living at Hawthorne for several years, died at that place Saturday, after a long and serious illness. He was brought here and laid to rest among his relatives last Sunday. The funeral services were conducted by Rev. Rape. Although the weather was very disagreeable there were many from Pedro, Ocala, Sparr and other places who came to pay their last tribute of respect to this old and respected citizen. He leaves a wife and one daughter.

Mrs. Florence Gordon, who was reared in Anthony and has been taking a business course in Jacksonville, had to give up her work and has been in the hospital there for an operation. She has been very low but we are glad to learn she is improving.

Mrs. George Pasteur is visiting her sister, Mrs. Wilder near Tampa. George is boarding at the Howell house during her absence.

The children are practicing for rally day service at the Methodist church.

Quarterly conference will convene the 17th and 18th. Rev. Householder will preach Sunday night at 7:30. All are invited to come and hear the presiding elder.

Mr. F. W. Bishop has returned from Demorest, Ga., where he and his son Earl, have been spending a month in the mountains, taking their vacation. I suppose Mr. Bishop will feel quite old after stopping in Jacksonville to see his first grandchild. Mrs. Ed Neff, formerly Miss Mabel Bishop, has a baby girl so Grandpa Bishop will begin to show his age.

Floyd Keeney made a short visit to see his parents, coming from Savannah Sunday and returning Tuesday.

J. C. Howell, after traveling thru some of the western states and seeing the fine farms, fertile fields and blooded stock and the beautiful homes with all it takes to complete a western home, says the farmers do not realize two per cent from the money invested in their homes. Jim says conditions to a casual observer would indicate prosperity on every hand, but taking everything into consideration, Florida is best after all, with its two and three crops from one field the same year, peanut fields and long-nosed rooters. Jim says Florida is the place for him and he talked Florida until he was hoarse.

Miss Ossie Griffin has been visiting her brothers in Tampa, Arthur and Dewitt for two weeks or more.

## HAD BILIOUS ATTACKS

"My son nineteen years of age suffered frequently from bilious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirkville, N. Y. Obtainable everywhere. Adv.

## BELLEVIEW

Belleview, Sept. 14.—Your Shady correspondent is righteously indignant over the school book question, and I can appreciate the pent up feeling that prompted the effusion. I believe if your Shady correspondent will study the scripture somewhere will be found that trite old saying that the "Lord helps him who helps himself," and if the Shady correspondent will drop me a line I will put them in touch with the powers that be and show them how to make themselves independent in the matter of school books.

Mr. Ernest Blair of Oklawaha is down from Black Point mixing with his friends for the last time in case Company A should be ordered further on, which to my mind is doubtful.

Mr. W. N. Fielding, the section boss, has put in brand new plank crossings at the depot and now automobiles can go across without making that loud gumbly-dum.

Mr. Peyton Bailey with a brand new Maxwell passed through town last Thursday morning bound for the lake, where he went to deliver the aforesaid sand digger.

Mrs. G. A. Reinohl of Jacksonville is making her first visit to Belleview, and being entertained by Mrs. I. I. Nelson. The Reinohl girls, Misses Sophie, Gertrude, Elsie and Helen, are all well and favorably known in Belleview, Miss Sophie having taught school here several years ago. Miss Elsie captured one of Belleview's finest young men, Mr. John Dawkins Lyles, while Misses Helen and Gertrude have been frequent and welcome visitors.

Mr. Earle Davenport has rented the packing house down by the siding, rigged up his corn shelling machinery and is buying corn for cash. Thus the farmers around Belleview are seeing new vistas of wealth heretofore unthought of being opened up before them. Trucking has brought this section to the verge of bankruptcy, and with a cash market for corn, cotton, peanuts and black-eye peas, the farmers of this section should once more regain their old time prosperity.

We regret to state that Mrs. Mary Hutson has not been enjoying the best of health of late and hope that with the advent of cooler weather her health may improve.

Mr. Jesse Neely of North Lake Weir is passing to and fro, morning and night, with a brand new Maxwell car.

Garageman Nelson is putting the finishing touches to the machinery at the cotton gin in Summerfield and hopes to turn the wheels about Thursday or Friday.

Loads of snow white, fleecy, long staple cotton are coming into Belleview and being separated from their owners and raisers at from 8 to 8 1/2 cents per pound in the seed. This is a very good price and the growers can make money at it. From talks I have had with authorities on cotton, I am lead to believe good prices should prevail for the grower for two years. From trade papers I glean the information that Egyptian cotton is selling at 29c. in the lint at Alexandria, Egypt. Egyptian cotton has been the strong competitor of Florida long staple for six or eight years, and has kept the price of our staple down around 20c. But now that those people over in Egypt have got a little fight on their hands they are neglecting their cotton growing and that, in connection with the scarcity of bottoms to ship their cotton and the prevailing high rates of ocean freights, practically ties up what Egyptian cotton there is right where it is. So a word of caution to the careful housewife and seamstress: go and buy a year's supply of spool cotton just as quick as you can, for just as sure as you don't spool cotton will go to six or seven cents a spool inside of three months or six months at the outside. With seed cotton selling at eight and a half cents there is no other outcome, because all of our spool cotton and sheer cotton fabrics are made from long staple cotton.
